Bosch Wiper Blades

Application Chart 2020 / 2021

BOSCH
Invented for life

Change your wiper blades for vision clarity.

Damaging long term effects to your wiper blades:

Stripes and Streaks

Tearing of the wiper rubber by the constant smearing of pollution, dirt and insects across the windshield.

Unwiped Section

Bent tension strip or deformed wiper blades due to long term resting in high temperatures.

Cross Beam

Corrosion of wiper blade frame because of environmental influences and excessive play in frame through mechanical wear.

Rattle and Flutter

Environmental impact such as ozone and UV rays destroys the wiper rubber's chemical structure, resulting in cracks and tears.

The Right Blade for you

Our offer to you

ADVANTAGE

Trusted conventional design for high wiping performance

- ▶ Specially formulated wiping edge to withstand harsh weather and extreme conditions
- ▶ Resistant to damages, cracks and ozone
- ▶ Smooth and quiet wiping action
- ▶ Consistent wipe-quality throughout its lifetime
- ▶ Highly compatible adaptor fit for most vehicles on the road

CLEARADVANTAGE

Advanced flat blade technology for exceptional performance in any weather

- ▶ Corrosion free beam structure
- ▶ Prevents blade lift-off with the aerodynamic wind spoiler
- ▶ Easy installation with quick-clip adapter
- ▶ All weather wiping performance through customized rubber edge treated with exclusive graphite treatment
- ▶ Consistent wiping performance provided by mono steel spring

AEROTWIN

International award-winning blade recognized for its superior wiping performance

- ▶ Dual precision tensioned springs
- ▶ Custom contoured fit
- ▶ Aerodynamic asymmetrical spoiler
- ▶ Optimal visibility at high speed in adverse weather condition
- ▶ Uniform contact pressure along the entire blade
- ▶ Installed in vehicles by renowned manufacturers

Protection Plus

Bosch Wiper Blades

Application Chart 2020 / 2021

Change Your Wiper Blades for Vision Clarity

Perfect Wiper Performance:

Power Protection Plus optimizes wiper performance throughout the service life of the wiper – without leaving streaks or deposits on the windshield of the vehicle.

Longer Service Life:

Power Protection Plus makes the wiper element lip incredibly robust and resistant, therefore, increasing its service life. Even extreme heat or cold will have little effect on the material.

Gentle Wiper Action:

Power Protection Plus reduces the coefficient of friction of the material to a minimum. For your customers, this means hardly any running noise, no shaking, no bucking – whether windshields are wet or relatively dry.

Original Fitment or Multi Adapter System?

AEROTWIN Original:

Aerotwin sets are an equal replacement for original flat blades, suitable fit for the majority of modern European cars.

AEROTWIN PLUS:

Aerotwin Plus provides an innovative adaptor solution for the multiple different originally equipped flat blades. This new adapter system enables more interfaces and thus more vehicles to be supported by each wiper blade.

One for all: The AEROTWIN PLUS

Now with innovative adapter system

Benefits that will pay dividends for you:

New, clever adapter system

- ▶ Innovative system combining 15 wiper lengths and 4 adapters
- ▶ Each wiper blade fits 10 different wiper arms – 6 more connections than with the existing Multi-Clip
- ▶ Straightforward and fast coverage for new vehicle models
